

DARKO JELIĆ

MECHANICAL ENGINEER

ABOUT ME

I am highly analytical, performance-driven engineering professional with 10+ years' experience creating innovative, cost-efficient designs.

- Solid expertise in applied research, new content development, simulation, and validation.
- Broad knowledge in the alternative fuels industry, including repeated success developing prototypes that improve marketability for previously unfeasible technologies.
- Superior problem-solving and time-management abilities; adept at identifying the root cause of issues and implementing creative, targeted solutions.
- Team spirited with effective communication and presentation skills, able to coordinate with management, vendors, and staff to achieve goals.

I'm looking to develop my expertise in new concept development, simulation and validation within a forward thinking company.

Apr 2011 - Jan 2014

M+K TECHNIK AG, ZURICH

Responsible for supporting the design, fabrication, and installation of equipment. Collaborate with other project team members to comply with project requirements and meet project schedules

Mechanical Engineer

2008 - 2011

FREELANCING

Various projects in my area of expertise.

EDUCATION

Name of university

2006 - 2011

FACULTY OF MECHANICAL ENGINEERING, BELGRADE UNIVERSITY

Hydroelectric engineering

Certificates & courses took on Fac. of Mech. Eng.

- Welding
- Cybernetics
- Bioengineering

TECHNICAL SKILLS

- AUTOCAD
- AUTODESK INVENTOR
- SOLIDWORKS
- AUTODESK MECHANICAL
- ADVANCE STEEL
- CNC PROGRAMMING
